SKMCH&RC is accredited by the AACME to provide continuing medical education for physicians

**PMDC accreditation has been applied for and it is in process.*

WELCOME

It is our pleasure to welcome you to the second Shaukat Khanum CME to commemorate World Thyroid day 2015 .

According to the American Thyroid Association 'World Thyroid Day', established in 2008, highlights five major goals: "to Increase awareness of thyroid health, promote understanding of advances made in treating thyroid diseases, emphasize the prevalence of thyroid diseases, focus on the urgent need for education and prevention programs and expand awareness of new treatment modalities."

Thyroid disorders present in various forms - incidental findings to serious illnesses. This year we have invited clinicians, surgeons well as physicians, from multiple centers to share challenging cases from clinical practice. Effort is to appreciate the spectrum and complexity of managing benign as well malignant thyroid disorders.

We look forward to your participation in the second SKM commemorative CME on thyroid.

Humayun Bashir. FRCP

Amir Ali Syed. FRCS
